

Summer Term 2024

This is our third issue of the SEND newsletter and I hope that you will find it useful and informative.

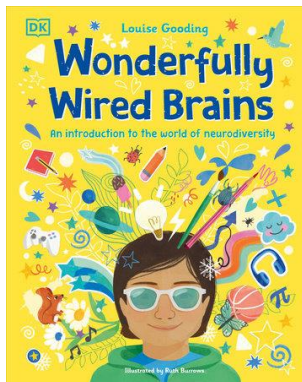

Please let me know if there is anything you would like me to cover in a future newsletter.

BOOK RECOMMENDATION

Several parents have recommended the following book:

Wonderfully Wired Brains by Louise Gooding

It is published by Dorling Kindersley Ltd and the ISBN is 9780241568163. Available from Waterstones and other bookstores £12.99

An informative and inclusive children's guide to neurodiversity for those not in the know and to inspire children who are neurodivergent. Whether your child is neurodiverse or not, this book will inspire inquisitive young readers and show them that no two brains function in the same way and that everyone's differences should be celebrated.

Remember that Activities Unlimited have events taking place in the summer holiday for SEND children.

Introducing Activities Unlimited

Activities Unlimited is part of Suffolk County Council. We give grants to activity providers around the county, to enable them to put on high quality, inclusive groups, clubs and activities for children and young people with additional needs and disabilities. We believe that children and young people with SEND should have access to the same opportunities as their peers without additional needs.

I hope you all have a good holiday – see you in September.

Bridge the Gap

Activities and events for children and their families who struggle to attend school.

Your child can enjoy activities including sensory circuits, creative space, brick and tile construction station, games and sensory room. It also gives families the chance to connect with professionals to gain the support they need to overcome the barriers to accessing school regularly.

Age Groups: 5–16
