

Maths

Pupils will be learning about area, perimeter and volume. They will also focus on properties of shape such as features of 3D shapes. We will also refine our skills for drawing and measuring angles.

We will also use the online programmes Doodle Maths and TTRockstars to help us with our learning.

English

This term sees us finding all about the Plague in Eyam and writing our own playscripts. We will also be acting out scenes from the BBC radio programme: The Plague comes to Eyam.

We will also be writing an explanation text based upon our digestive system.

Finally, we will continue with our writing project: Things I love about...

Science

In science this term we will begin by looking at food chains and changing habitats. We will then look at human digestion and teeth.

After half term we will be looking at the heart and circulatory system.

PSHE

Year 4 will be learning about healthy living and lifestyles. They will also focus on diversity within the wider community.

In Year 5 and 6 pupils will be learning about good communication and collaboration skills!

Oak Class Curriculum Newsletter - Summer Term 2026

Art/DT

Our art/DT this term is Warp and weft. We will be learning about the art of weaving. We will produce our own woven pieces of artwork.

Forest Schools: Pupils in Oak Class will have these sessions every Friday for the first half of the summer term. Please remember to bring suitable clothing for these sessions (long sleeves and trousers).

History

This term our history topic will focus on the Anglo-Saxon invasion of Britain. We will learn about what happened after the Romans left Britain. Pupils will find out about everyday life in Anglo-Saxon Britain, and this will include a visit to West Stow; an Anglo-Saxon village where pupils can immerse themselves in living history.

Music

In music this term we will be learning about the orchestra by listening to The Young Person's Guide to the Orchestra by Benjamin Britten. We will listen to and evaluate several famous classical pieces such as Spring by Vivaldi.

Children will also be preparing songs for our end of school production.

Computing

In computing this term, we will be using our online learning platform Purple Mash. Pupils will learn how to use spreadsheets, and they will learn to code through the use of Lego Wedo.

French

In French this term we will be learning how to talk and write about leisure activities and at what time they do them. We will continue to learn through songs and through asking and answering questions in French.

PE

Pupils will refine their catching, throwing and accuracy when hitting a ball through playing rounders and Cricket. They will also improve their athletics skills.

RE: These are the Key Questions we will be exploring this term.

Christian- Eucharist

What is the great significance of the Eucharist for Christians?

Buddhist- Enlightenment

How did Buddha teach his followers to find enlightenment?

Other information

Please feel free to find out information about our topics - perhaps a visit to the library to borrow some books?

Pupils have logins for TTRockstars, EdShed and Doodle Learning that they can use at home.

TTRockstars is helpful for learning times tables.

EDShed has lots of fun games to help your child learn their spellings.

***NEW* Doodle Learning** we have this on a trial for maths and English. It addresses the children's gaps in their learning, in a fun way. So far, the children are finding it really useful.

Reading - Pupils who read regularly will be rewarded with certificates and prizes. In Oak Class we award children House Points for reading throughout the week - this should be recorded in their reading record. All reading counts!
