

What will Class One
look like when I go back
to school?

Our topic this term is.....
Castles

In the morning you will wait in the area outside the front door with your parents. We will come and collect you at 9.05am. You will come in through the front door. When you get into the classroom you will hang your bags up, wash your hands and fill your water bottles up if needed.

Red room is now where reception children will mainly be working. You will get the opportunity to play in this area. The new reception children will not be in school until Friday morning.

You will be working in yellow room sitting at the tables placed out. You will be sitting next your friends again. As you can see there are lots of new and exciting areas for you to play in. We will try and work outside as much as we can. The main part of the classroom is the Grand Hall. There's a few finishing touches we need to make on our first day back to make it look more like a castle.

The Dungeon

Small world area and book corner

The Castle Kitchen

We will be using the toilet in red room. You need to make sure you go to the toilet during your playtime and lunch time.

We will be having our lunch in the hall everyday.

We will play outside for playtimes. We have separated the field and playground in half using yellow and black tape. We need to stay on our side but you can say hello to the yr3-6 children. We have lots of toys to play with.

At the end of the day we will sing with Mr Tumble before you collect your bags and water bottle and stand behind your desk. We will call you out when your parent arrives. You will be leaving through the front door.
